6:00 PM -7:00 PM

Senate Bill 8 was passed in 2019 and requires a statewide flood plan based on regional flood plans. The Key Tasks of the Sabine Regional Flood Planning Group (RFPG), representing 21 counties that comprise the Sabine Basin, are to: gather and analyze data; identify existing and future flood risks; evaluate floodplain management practices; recommend evaluations, strategies, and projects to reduce flood risks; and to develop a regional flood plan.

The Sabine RFPG is soliciting public input regarding suggestions and recommendations as to issues, provisions, projects, and strategies that should be considered during the flood planning cycle and/or input on the development of the regional flood plan (as required per Texas Water Code §16.062(d) and 31 Texas Administrative Code §361.12(a)(4)).

The public is invited to attend the open house style meeting at a convenient time between 6:00 – 7:00 PM wherein representatives will be on hand to discuss the Regional Flood Planning process and receive comments from the public. Comment cards will be available at the meeting.

If you wish to provide written comments prior to or after the meeting, please email your comments to comments@sabine-RFPG.org and include “Region 4. Pre-Planning Public Meeting” in the subject line of the email.
